

Apraxia All Star Summer Camp

This intense camp is geared for children with apraxia, suspected apraxia, or speech difficulties related to motor planning dysfunction. The session will be organized into 3 blocks, allowing your child the opportunity to work with three experienced SLPs in a graded approach to speech intelligibility. We will use language enriched activities to provide maximal repetitions of core vocabulary. The vocabulary/target words will be organized according to sound sequencing complexity. The activities will be fun and theme-based to promote vocabulary enrichment, functional communication and speech intelligibility. The small group environment will allow for supported peer interaction.

*Our goal is that each child will be fully immersed in a *fun* speech-learning environment that will positively impact his/her speech intelligibility and sound production!*

Group meets for (8) 90 minute sessions Monday - Thursday for 2 intense weeks.

SESSION 1	SESSION 2
Monday through Thursday	Monday through Thursday
Week 1: June 12-15	Week 1: July 10-13
