

Seeking Participants For a Research Study

Is your child between 4 and 17 years old?

Are they Diagnosed with Childhood Apraxia of Speech?

Do they use an Augmentative and Alternative
Communication (AAC) device?

**Your child may qualify to participate in a research study
about AAC use in children with Childhood Apraxia of
Speech.**

Participation includes one, 60-minute virtual meeting.

The first 20 minutes will be spent completing two
vocabulary tests: The Peabody Picture Vocabulary Test
and the Expressive Vocabulary Test. The remainder of
the session I will ask your child to tell a story or talk
about their favorite toy with or without their AAC
device.

Participants will receive a \$5 e gift card for their time.

For more information or if you think
your child would be interested in
participating please contact Sydney
Hayes
