WANTED: Parents & Caregivers

Are you a parent or caregiver of a teenager, 13–18 years-old, who uses an augmentative and alternative communication (AAC) system?

You are invited to participate in a project where we are seeking to learn about family perspectives and experiences with AAC technology used by your teenager with complex communication needs.

Please consider participating in this project.

Participants will be asked to complete the following activities:

✓ Online survey (30 minutes)
✓ Telephone interview (30-45 minutes)

Families or caregivers who complete the online survey and interview will receive a total of $35 in Amazon e-gift cards.

If you are interested in participating in this study, please click on the following link to determine your eligibility.
