Calling all Parents of Apraxia Warriors!!

How do your child's physical abilities compare to other kids their age? Does your child experience stress or anxiety related to their speech deficits?

@marquette_cml_lab
Let Us Know in Our Survey!

By learning more about your child, we can help healthcare providers and teachers be better prepared to serve your child and family. We hope you will participate by sharing your child's successes and challenges with us!

Along with @jordapraxia and @slpmommyofapraxia, we are conducting a series of surveys to investigate the social-emotional and physical experience of children with childhood apraxia of speech, other speech sound disorders, and typical development.

You can participate by taking our surveys. For each survey taken, you will be entered to win 1 of 10, $50 Amazon Gift Cards!
